Bengali

English

👛 EXPERIENCE

Mobile Application Developer, mPair Technologies Ltd.

08/2024 – Present | Chattogram, Bangladesh

- Engineered scalable cross-platform Flutter applications for Android and iOS using Clean Architecture and modern state management solutions including BLoC and Riverpod.
- Developed and optimized enterprise-level modules such as inventory management, payment systems, attendance tracking, appointment booking, and school management solutions.
- Integrated secure REST and GraphQL APIs with authentication, local storage, and efficient data handling to ensure smooth and reliable user experiences.
- Managed the complete app release lifecycle, including testing, deployment, publishing, and maintenance on Google Play Store and Apple App Store.
- Collaborated with backend developers, designers, and stakeholders to deliver production-ready features while maintaining high code quality and application stability.
- Wrote clean, reusable, and maintainable code with a strong focus on scalability, performance optimization, and long-term maintainability.

🎓 EDUCATION

Port City International University, B.Sc in Computer Science & Engineering

2019 – 2023 | Chittagong, Bangladesh.

CGPA : 3.34 out of 4.00
